esbrowniv@gmail.com | +47 925 69 060

Passionate junior software engineer. Proficient in HTML, CSS, and JavaScript, with a strong desire to expand my programming knowledge.

---

## Professional Experience

---

### Automotive Technician

Diagnosed and repaired complex mechanical issues in vehicles, demonstrating strong analytical and troubleshooting abilities.

Collaborated with team members to ensure efficient workflow and high-quality service, enhancing my teamwork and communication skills.

Maintained detailed records of repairs and diagnostics, which required precision and attention to detail—qualities that are essential in software development.

### Tattoo Artist

Designed and executed custom tattoo artwork, requiring a high level of creativity and precision, similar to the meticulous attention needed in coding.

Worked closely with clients to understand their vision and deliver personalized designs, honing my ability to translate complex ideas into tangible results—an important skill in user interface design.

Managed all aspects of the business, including scheduling, customer service, and equipment maintenance, demonstrating strong organizational skills and self-management.

---

## Key Skills

---

- Programming Languages: HTML, CSS, JavaScript
- Web Development: Front-End Development
- Tools: Visual Studio Code, Chrome Developer Tools
- Soft Skills: Problem Solving, Quick Learning, Adaptability, Teamwork

---

## Projects

---

### Responsive Personal Portfolio Website

- Designed and built a personal portfolio website to showcase my projects and skills.
- Implemented best practices in responsive design, ensuring compatibility across various devices and browsers.
- Utilized HTML, CSS, and JavaScript to create a user-friendly interface with responsive design.
